Confirmation of registration will be by email/fax within 5 working days. A Tax Invoice via email/fax will follow.

About VicRoads . . .

VicRoads is the Victorian State Road Authority responsible for the management of the road network, which includes planning, designing, constructing and maintaining roads, managing road use through registering vehicles, licensing drivers and traffic management, and providing information and road user services.

The VicRoads - Technical Consulting group is an off-budget business unit within VicRoads. One of its functions is to provide quality assured integrated investigation, testing and design services in the pavement technology disciplines. Support is provided to AAPA in developing expertise and undertaking training in all aspects of the flexible pavements industry.

About AAPA . . .

The Australian Asphalt Pavement Association is a non-profit organisation which promotes the economic use of asphalt and bitumen bound products based on sound technical and commercial grounds.

Since its formation in 1969, AAPA has maintained as its major objective the dissemination of technical knowledge aimed at continuing improvement in asphalt technology.

AAPA Members include manufacturers of asphalt and other bitumen bound products, State Road Authorities, Local Government, paving consultants, material suppliers, plant and machinery manufacturers, paving and sealing contractors and individuals interested in asphalt technology.

Learn about bituminous materials and their applications

Fundamentals of Bituminous Surfacing

For junior engineering, technical and construction staff.
Also a useful introduction for administrative staff in the industry.

Melbourne

16 February, 2011

Venue details will only be provided on receipt of your registration.

AAPA PAVEMENTS TRAINING & ADVISORY CENTRE

in conjunction with

COURSE LEVEL INDICATOR			Advancing industry skills and knowledge
INTRODUCTORY	INTERMEDIATE	ADVANCED	

Fundamentals of Bituminous Surfacing

Who should attend this course?

Fundamentals of Bituminous Surfacing provides a basic understanding of bituminous materials and their application in road pavements.

It is aimed principally at those with little or no experience in or knowledge of the design, construction and maintenance of road pavements incorporating bituminous materials such as asphalt, sprayed seal, slurry surfacing. Therefore, it is likely to be most appropriate for:

- Junior engineering and technical staff who have had little or no exposure to the use of bitumen based materials.
- Administrative staff working in organisations engaged in the design, construction, maintenance and/or management of roads who wish to develop an improved understanding of the work undertaken by their organisation.
- Construction staff with limited experience of flexible pavement construction including the application of bituminous surfacings.

AAPA Training Program

This course is intended as an introduction to more detailed and/or specialised courses which are provided as part of the overall AAPA program. In particular, participants in this course could consider attendance at the 3-day Principles and Practices course which is conducted annually in NSW, Victoria and Queensland and biennially in South Australia and Western Australia. That course then provides a basis for undertaking more specialised courses such as:

- PMBs and Bituminous Emulsions
- Sprayed Sealing Selection and Design
- Sprayed Sealing Field Procedures
- Asphalt Placement and Compaction

Course Content

- Terminology
- Materials
 - Quarry Products
 - Bitumens/bituminous binders
- Bituminous Products/Treatments
 - Types
 - Selection
- Occupational Health and Safety
- Pavement Design/Construction
 - Design
 - Specification
 - Construction
- Maintenance Works Program
 - Routine/Cyclic Maintenance

Fees & Registration

Course fees are \$539 for AAPA Members and \$605 for non-Members (both incl. GST). Fees include lunch, morning and afternoon teas, course notes and other handouts and a personalised certificate of attendance.

Please complete the registration form and return it **with your payment** to AAPA. **All registrations will be confirmed prior to the course and a Tax Invoice/Receipt will follow.**

Other courses offered by AAPA include:

- Asphalt Placement & Compaction
- Bituminous Surfacing Principles & Practice (3 days)
- Fundamentals of Bituminous Surfacing
- Pavement Maintenance Practices
- PMBs & Bituminous Emulsions
- Selection of Pavement Surfacing
- Sprayed Sealing Selection & Design (2 days)
- Sprayed Sealing Field Procedures
- Working Safely with Bitumen

See over for Registration!

Choose your payment method

- 1 Credit card (Mastercard, Visa, Amex)
- 2 Cheque (payable to "AAPA")
- 3 Purchase Order (Company/Council/Govt.)
- 4 Invoice (Terms: 30 days - AAPA Members only
Non-members - payment in advance of course)
- 5 Electronic Funds Transfer
Bank: Members Education Credit Union, Kew
Account Name: Australian Asphalt Pavement Association
BSB: 803 140 Account: 23104301
Please send remittance advice to: remittance@aapa.asn.au

Cancellations, Transfers & Refunds

If you cannot attend a course for which you have registered, you have a number of options:

- You can arrange a **substitute delegate** from your organisation.
- You can **transfer your registration** to another course (**once only**)
- Course fees are refundable up to **7 working days prior** to the course, but will incur a \$75 cancellation fee (incl GST).
- AAPA reserves the right to postpone or cancel courses without notice. Full refund will be issued if this occurs.

No refunds will be given within 7 working days of the course commencement date.

Please note: No refunds or credits can be given for delegates who are registered for a course but fail to attend. Full course fees will be payable, however a full set of course notes and materials will be provided on request once payment has been received.
